Eclipse Thermostatic Push-Button

We offer exclusive smart home experience for your living spaces with unique products and features based on design and technology.

Technology

We are constantly working to provide innovative solutions in every product we develop. Innovation will appear in different forms in each Core products. Sometimes as a different sensor technology, sometimes by using a new production technique, sometimes by offering a different user interface.

Design

We believe in the power of simplicity in design, and we work hard to create minimalist, beautiful and intuitive products for your smart home. You can see the perfection in the details and the originality in the design in all Core products.

Craftsmanship

We carry out all electronic manufacturing, mechanical manufacturing, assembly, and quality control processes with our skilled personnel and state-of-the-art machinery in-house.

Premium Finishes for Exclusive Living Spaces

Silky-Matte Finishes

On each aluminum Eclipse Thermostatic Push Button, carefully selected color tones are applied through a multi-layer painting process, then sealed with advanced coating techniques. This artisanal approach not only ensures long-lasting durability but also delivers a distinctive silky texture – offering a luxurious feel and visual elegance in every interaction.

Glacier white Titanium Grey Obsidian Black Sand Beige Verdant Cocoa Grey

Brushed Finishes

Each Eclipse Thermostatic Push Button is crafted from pure brass or aluminum, meticulously brushed to achieve a satin effect texture – delivering both visual refinement and a tactile elegance with every touch

Aluminum Grey

Aluminum Black

Nickel

Brass

Artisan Finishes

Expertly formed from pure brass, each item is refined through sophisticated coating or aging techniques. Due to their artisanal nature, subtle variations in patterns may be present which elevate your space with character and exclusivity.

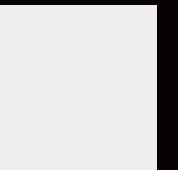

Copper

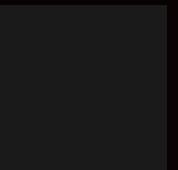

Aged Brass

Plastic Finishes

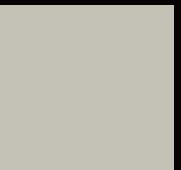

Manufactured from high-quality plastic, modular switches offer a modern appearance through carefully selected colors and a refined surface finish. Their lightweight structure and clean design language complement contemporary living spaces.

Plastic White

Plastic Black
